The [2021-2030 National Development Plan](#) sets out an ambitious plan to enhance public transport, active travel and connectivity of communities as part of its €165 billion capital investment in the nation's infrastructure. An investment of €35 billion is set out for transport, making it the largest commitment to the sector in the country's history.

We look forward to virtually welcoming you to learn more about the upcoming opportunities for contractors and consultants in Irish transport infrastructure development and delivery, and introducing you to the key clients responsible for delivering some of the nation's largest programmes with multi-billion euro opportunities depending on the scheme.

We are pleased to have Minister for Transport and Minister for the Environment, Climate and Communications Eamon Ryan joining us live to make the opening remarks. Minister for Public Expenditure, National Development Plan Delivery and Reform Paschal Donohoe will also present Ireland's National Development Plan, which is led by his department. Further details of the event are as follows:
